

~Great Granny Square with a Twist Pillow Finishing~

- *Cut (2) 18 ½" X 28 ½" rectangles from backing fabric.
 - *With wrong sides together, fold backing rectangles in half.
(Now measures 18 ½" X 14 ¼")
 - *With right sides together, pin backing flaps to pillow, overlapping folds and matching rough edges.
 - *Stitch around pillow.
- Optional for squared up corners~
(I love the look of squared corners in a pillow.)
- *Before turning your pillow right side out, (with right sides together), match the side seam with the other side seam.
 - *Stitch across corner, 1/2" down from the point.
 - *Repeat with all other corners.
 - *Trim excess from all corners.
 - *Turn pillow right side out and press.
 - *Insert pillow form. Enjoy!
