

~ Be Mine ~

What you need~

- (2) 10" squares of fabric.
- (2) 10" squares of heavy interfacing.
- (2) small grommets.
- Crop-O-Dile to do grommets (Big bite hole punch)
- (2) 12" pieces of ribbon.
- 6" square of fabric for letter.
- 6" square of fusible web for letter.
- 7" square of fabric for heart yo-yo.
- Large Heart Yo-Yo maker from Clover ©.
- 7" of medium rick-rack.
- Button for center of Yo-Yo heart.

What to do~

- *Trace a triangle on wrong side of one piece of interfacing.
- *Iron a piece of interfacing to wrong side of both fabric squares. (Triangle will be only on one.)
- *With right sides together, layer fabric/interfacing squares.
- *Trim off excess fabric around triangle, leaving a 1/4" seam allowance around the outside of the drawn triangle.
- *Place rick-rack along drawn line of the top edge of the triangle.
- *Stitch on the drawn line around the triangle, leaving a 2 1/2" opening along one side of the triangle.
- *Trim excess fabric from the corners and turn triangle right side out. Press.
- *Using a 1/8th seam, top stitch around triangle. (This will close the turning hole.)
- *Trace the "B" onto the fusible web. (Be sure it's backwards!)
- *Iron fusible web to the wrong side of fabric and cut out the letter.
- *Using the picture for placement, iron the "B" to the front of the triangle.
- *Using a blanket stitch (I did mine by machine) stitch around the "B".
- *Follow the instructions on the Clover © Yo-Yo package and make a heart Yo-Yo.
- *Stitch Yo-Yo to front of triangle with a button of your choice.
- *Using the Crop-O-Dile, attach grommets to each top corner of the triangle.
- *Knot end of ribbon and pull through grommet. (Repeat with other corner.)
- *Now head to the other blogs to pick up the patterns for the other letters.

Happy Valentines Day!
